

Mountain District Netball Association – Saturday Competition

Process for Use of Scoresheet

SATURDAY SCORESHEET PROCESS

The scoresheets are put on the table outside the office at three quarter time of the previous game
Both teams need to check the player name section of the scoresheet BEFORE the game commences

The HOME team is responsible to complete the score during the game. The AWAY team's scorer should stand with the HOME team's scorer and verify the recording of the records during the game.

At the end of the game, the WINNING team's scorer needs to get both umpires and captains to sign the scoresheet. Signing the scoresheet indicates that the scores and the player details are correct.

The HOME team returns the scoresheet to the box outside the office. The scoresheet should be filled out correctly indicating which players took the court (this is for player registration for the game)

SCORESHEET COMPLETION

When checking the names on the scoresheet, please ensure that both Surname and Christian name are spelt correctly.

Please ensure that all players who take to the court in the match are indicated on the scoresheet. Example: If a scores sees 8 players take to the court but only 7 positions are on the scoresheet then indicate the missing player's court position. Ask the coach or team manager if you are not sure. Also check the reverse. The names and playing positions on the scoresheet should reflect the players taking to the court.

If you play any player that is not a permanent member of your team, or is a new team member, is a fill-in player or someone borrowed, or name missing from the scoresheet, then their name and full details must be recorded on the relevant sheet in the office i.e. borrowed; borrowed playing twice in one day; or new player registration. Borrowed players playing twice in one day must be entered on the appropriate sheet in the office and entered on the scoresheet, **then authorised by Saturday office personnel before taking the court.**

Please ensure the box is ticked if the player requires Netball Victoria Membership. Use the team's SCORER to double check that your team have completed the scoresheet properly.

By-Laws of the Saturday Competition indicate the penalty for failure to comply with any of these conditions.

NETBALL VICTORIA MEMBERSHIPS

All players must have current NVM before going onto the court. If you play a NVM registered player from another association as a fill in or permanent player, that player should bring with them their NVM number and this number needs to be entered when completing the new player registration form. All new players must be registered by your club on the new player registration sheet, your club will be invoiced for all new memberships.

If you play a non-NVM registered player for one match as a fill in, then that player needs to purchase a one game NVM voucher at the office before taking to the court. The vouchers cost \$9 and are valid for one match. This player's details should also be entered on the new player registration form.

One game vouchers do not qualify players for finals.

INJURIES

All injured players must attend First Aid and a record sheet completed.

Do not record injuries on the scoresheet.
